

Statement concerning REACH

Regulation (EC) No. 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals

HEITRONICS Infrarot Messtechnik GmbH is manufacturer of infrared-optical measuring instruments, in particular Radiation Thermometers, LineScanners and IR-Cameras.

The articles you procure from us are not intended to release any substances under normal and reasonably foreseeable conditions of use.

SVHC (Substance of Very High Concern) are identified as hazardous substances under REACH. Our products include less than 0.1 weight % of homogeneous materials which are added to the SVHC Candidate List. We check the SVHC Candidate List regularly which is updated two or three times a year. In case, substances are listed to be endangering, we aim at substitution as soon as possible. We undertake to inform you immediately if replacing is not possible.

Monitoring the SVHC Candidate List helps us looking for substitutes early if possible. Last but not least we take seriously our responsibility for environmental protection in order to give enough freedom for future generations.

Consequently, the obligation of registration¹ and the obligation for the issue of safety data sheets are not relevant here.
